Register of Members Interests

Andrew Sloan

- Andy Sloan, Director of civil engineering consultants Donaldson Associates Ltd (DAL) which specialises in the development of underground space and geotechnical engineering. He is a visiting Professor at the University of Strathclyde. DAL is part of a consortium that has been awarded a framework agreement from the NDA in relation to the support of the NDA Geosphere Characterisation Programme. DAL is working with Dounreay Site Restoration Ltd on the proposed LLW facility at Dounreay.

Becky Lunn

- Becky Lunn, Reader in civil engineering at the University of Strathclyde: a hydrogeologist whose work, among other things, focuses on the interaction between fluid flow and rock mechanics, and how the geology and flow around a disposal facility might evolve over long timescales.

Bill Lee

- Professor at Imperial College, London; Head of the Department of Materials
- Former Director BNFL University Research Alliance on Waste Immobilisation located at the University of Sheffield
- Recipient of research funding for past projects from the UK nuclear industry
- Member of the High Science Council of the European Nuclear Society
- Fellow of the Institute of Materials, Minerals and Mining
- Department at Imperial College includes PhD students working on areas associated with radioactive waste management, including characterisation of the Dounreay particles

Brian Clark

- Professor of Environmental Management and Planning at Aberdeen University (retired)
- Until December 2007, Board Member, Scottish Environment Protection Agency (SEPA) and Chair of the SEPA North Region Board and SEPA Planning and Finance Committee
- Chair of the external advisory group to SEPA on the Dounreay low level radioactive waste facility
- Member of the Local Government Boundary Commission for Scotland (paid public appointment)

- Chairman Technical Committee, Institute of Environmental Management and Assessment
- Governor, The Macaulay Land Use Research Institute
- Occasional consultancy work on Environmental Impact Assessment and Strategic Environmental Assessment issues, and on environmental training and capacity building, mainly for overseas clients

David Broughton

- Retired UKAEA senior manager, career mainly at Dounreay
- Chartered Engineer, Member of the Institution of Mechanical Engineers
- Possible public interest as the member is named as sponsor and author of past work preparing UKAEA technical and stakeholder documentation, which is in the public domain, in relation to the Dounreay New LLW Disposal Facilities and the Dounreay ILW Shaft Isolation Project
- Chairman of the Borough and Dunnet Head Common Grazings Committee, a committee registered with the Crofters' Commission
- External member of the DFR Residual NaK Removal Project Board for DSRL at Dounreay

Fergus Gibb

- Professor of Petrology and Geochemistry in the Department of Engineering Materials at the University of Sheffield; a Chair part-funded (until end-2007) by the NDA
- Previous research activities part-funded by BNFL
- Past consultancy work for Nirex, British Nuclear Group and Nexia Solutions Ltd
- Co-supervisor of a research student funded by Nexia Solutions Ltd (to September 2008)
- Fellow of the Geological Society
- Elected Fellow of the Mineralogical Society of America
- Member of the Mineralogical Society
- Spouse owns shares in British Energy

Francis Livens

- Professor at the University of Manchester, holding a Chair currently funded by the NDA through Nexia Solutions
- Founding Director of the Centre for Radiochemistry Research, University of Manchester
- Peer review and advisory work for BNFL, AWE, UKAEA, CEA and the US Department of Energy

John Rennilson

- Until January 2008, Director of Planning and Development, Highland Council (no potential conflicts associated with this post are likely to arise)
- Co-opted member of the Board of the Cromarty Firth Port Authority
- Former County Planning Officer of North Yorkshire County Council (1984-1996)
- Executive Committee Member of the Scottish Society of Directors of Planning, and former Chair of the Society (2000 -2001)

- Until the end of December 2007, Director of two companies: Highland Birchwoods Limited and Inverness Airport Business Park Limited

Les Netherton

- Managing Director, Environmental Health Advisory Services Ltd. This company could, in the future, become involved in work on the recording of defence wastes in the UK Radioactive Waste Inventory
- Member of the Ministry of Defence (MoD) ISOLUS (Interim Storage of Laid-Up Submarines) Steering Group
- Chair of MoD ISOLUS Advisory Group (IAG)
- Member of the Chartered Institute of Environmental Health
- Member of the Board of Trustees and Director of Ford Park Cemetery Ltd

Lynda Warren

- Emeritus Professor of Environmental Law, Aberystwyth University
- Deputy Chair of the Joint Nature Conservation Committee (paid public appointment)
- Member of the Royal Commission on Environmental Pollution (paid public appointment)
- Member of the Board of the British Geological Survey (paid public appointment)
- Member of the Scottish Environment Protection Agency's Dounreay Particles Advisory Group (paid public appointment)
- Member of the Health Protection Agency's Health Protection and Social Advisory Committee (paid public appointment)
- Member of the Board of the Environment Agency until 2006 (paid public appointment)
- Member of the International Board of Counsellors advising NUMO, the Japanese Radioactive Waste Management Organisation, on socio-economic aspects of site selection for a repository
- Associate of Integrated Decision Management Ltd (IDM), a consultancy company presently carrying out work for government on the "Justification" of nuclear power facilities
- Trustee of the Association of River Trusts until 2008 (a charity)
- Trustee of South and West Wales Wildlife Trust (a charity)
- Chair of Wales Coastal and Maritime Partnership

Marion Hill

- Consultant in areas related to the work of CoRWM, now self-employed. Main areas of current work are policy, strategy and regulatory aspects of radioactive waste management, decommissioning of nuclear installations and management of radioactively contaminated land. Main clients are regulators (mainly the Environment Agency), government departments (mainly Defra), Construction Industry Research and Information Association (CIRIA), and the nuclear industry (e.g., UKAEA Dounreay)
- Independent member of the Nuclear Safety Advisory Committee (NuSAC), reporting to the board of the Health and Safety Executive and leader of its regulatory framework task force (unpaid public appointment)
- Worked for four consultancy companies before becoming self-employed: Electrowatt, W S Atkins (currently engaged by Defra as contractors for radioactive substances research), Enviro Consulting and R M Consultants

- Before becoming a consultant, worked for the National Radiological Protection Board (now part of the Health Protection Agency)

Margaret Burns

- Chair, Health Scotland (paid public appointment)
- Non-Executive Board Member of NHS Grampian (paid public appointment)
- Member, National Consumer Council Advisory Group
- Former member of the Health and Safety Commission; HSC (paid public appointment)
- Former Chair of the HSC's Rail Industry Advisory Committee
- Former Chair of the Partnership for Health and Safety in Scotland
- Former part-time teaching fellow in the Law Department of the University of Aberdeen

Mark Dutton

- Physicist, formerly employed by NNC Ltd (now AMEC-NNC) providing consultancy services in radioactive waste management and related areas
- Member of the Defence Nuclear Safety Committee of the Ministry of Defence, a body that provides advice to Government on some issues related to CoRWM work, such as management of spent nuclear fuel and radioactive waste (paid public appointment)
- Member of the External Advisory Group of the Scottish Environment Protection Agency on the Dounreay Low Level Waste Facilities Project (paid public appointment)
- Until the end of 2007, involvement in a contract for West Lakes Renaissance to evaluate the potential for new nuclear build at Sellafield

Chair – Professor Robert Pickard

- Emeritus Professor of Neurobiology at the University of Cardiff
- Visiting Professor, Royal Agricultural College, Cirencester
- Chairman, Consumers' Association, *Which?*
- Chairman, NGO Forum, Royal Society of Health and Department of Health (paid public appointment)
- Board Member, English Beef and Lamb Executive; Agric. & Hort. Devpt. Board (paid public appointment)
- Independent Advisor, Welsh Government Commission (paid public appointment)
- Fellow, Royal Society of Medicine; Council Member - Food and Health Forum
- Fellow, Institute of Biology
- Scientific advisory work generally but none relating to areas of CoRWM interest
- President, Central Association of Beekeepers

Simon Harley

- Professor of Lower Crustal Processes in the School of GeoSciences at the University of Edinburgh
- Work on the geology of North West Scotland for the British Geological Survey
- Chair, Metamorphic Studies Group of the Mineralogical Society
- Member, Mineralogical Society Council
- Member, Science Committee of the Geological Society
